

College Admission Requirements

1. High School Graduation Requirements

- Subject Requirements:
 - Secondary 4: Mathematics (CST or SN); Science and Technology; History and Citizenship Education; Arts Education
 - Secondary 5: English Language Arts; French Second Language; Ethics and Religious Culture **OR** Physical Education and Health
- Minimum 54 credits in Secondary 4 and 5
 - 20 of the 54 credits must come from Secondary 5
 - *Note: These are the MINIMUM requirements – colleges are looking for students who have a competitive academic profile*

2. General Admission Requirements

- Competitive overall average
 - This is comprised of all secondary 4 grades in addition to the average of Term 1 and Term 2 grades in Secondary 5
- High number of credits accumulated across Secondary 4 and 5
- Good marks compared to the class average
 - Courses with more credits attached are worth more
- Higher quintile rank (Rating is between 1 and 5)
 - 1 = performing in the top 20% of your class
 - 5 = performing in the bottom 20% of your class
- Must be in a graduating position (i.e. passing graduation requirement courses and having earned required amount of credits)

CODE CODE	TITRE TITLE	Number of Credits Obtained			Quintile Rank		
		UN CR	RÉSULTAT RESULT	ANNÉE YEAR	MOIS MONTH	R/5 R/5	CEN CEN
535544	Biology (Local Prog.)	4	69	2019	06	3	
543402	Physical Education and Health	2	96	2018	06	1	
543502	Physical Education and Health	2	94	2019	06	1	
551504	Chemistry	4	60	2019	06	4	

3. Program-Specific Requirements

- Verify program requirements as some *may* include the following:
 - Prerequisites courses: Enriched Math, Chemistry, Physics
 - Audition
 - Driver's License
 - Interview
 - Letter of Intent
 - Portfolio
 - Physical Testing

Remember...

- Different programs require different prerequisites!
- Certain programs are available everywhere, but not all colleges offer all programs!
- **Don't stress! About 95% of applicants who go through the SRAM application process will get into college every year!**
